Re: Proposed annexation to the
City of Compton
"Annexation District No. 117"

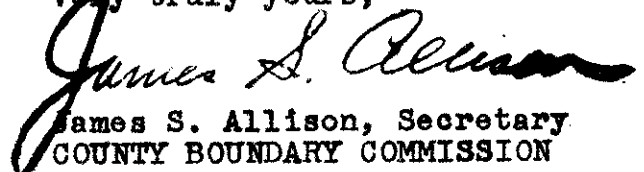

Dear Mrs. Harlan:

At the meeting held on July 18, 1956, the County Boundary Commission reviewed the boundary description and map submitted by Mr. Don W. Robins, City Engineer, Compton, with his letter of June 26, 1956, of the proposed annexation of territory to the City of Compton.

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable, upon recommendation of the County Engineer slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code. Said revisions were in the wording of the boundary description and made no change in the location of the boundaries as shown on the map.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description is enclosed for your use.

Very truly yours,

James S. Allison, Secretary

Attention Mr. J. S. Allison, Secretary

Dear Sir:

CITY OF COMPTON
"ANNEXATION DISTRICT NO. 117"

In compliance with your request of July 2, we have reviewed the submitted legal description of the proposed boundaries of this annexation and report as follows:

1. The boundaries in one instance did not conform with existing lines of ownership, as shown on the County Assessor's records. In another place, a portion of the existing City of Compton had been included. With the approval of Mr. Robins, City Engineer, the boundaries were adjusted in both cases.
2. No island or corridor of unincorporated territory is created by the boundaries.
3. Other boundaries are shown in relation to the proposed boundaries of this annexation on the enclosed map.
4. The legal description as submitted required revision to provide definiteness and certainty in accordance with Section 35002 of the Government Code.
5. Because of items 1 and 4 above, we have prepared the enclosed revised description which we

Mr. Burton W. Chace
